Ever wanted to be a guest at your own dinner party?

Order your new kitchen from **Let's Talk Kitchens & Interiors** before the end of 2013 and Executive Chef, Richard Wills of Utopia Private Dining (previously Vue De Monde and The Point, Albert Park), will create an unforgettable degustation menu & dining experience for eight people in your own home.

On the other hand...

If having your own chef doesn't take your fancy you can choose some help around the home instead. We've teamed up with Absolute Domestics, to take care of your cleaning.

For more information visit our website or showroom. Terms & Conditions apply.
